Dear Dr. Robinson:

Whenever a man gets in trouble he seeks the aid of the clergy and as you know I am having some difficulty in trying to land the nomination for County Judge and Surrogate on the Republican ticket. I remember your saying last year as you left the Republican Convention that you did not understand playing the game of politics. Nevertheless, I know that you can do me a lot of good if you will speak a good word for me to some of your friends.

I do not want to trespass upon your good nature in soliciting your support but you are somewhat acquainted with the manner in which I conducted the office of District Attorney and the next step up is County Judge and Surrogate and I would like very much to make the advance. Assuring you that you have my warm personal regards and best wishes whatever you may choose to do in this matter, I beg to remain

Sincerely yours,

A. L. O'Connor

Dear Dr. Robinson:-I enclose a letter from Rev. McInnis stating as you will see that he can not come on the 11th. but will be glad to be with us at a later date. I am writing him to let us know which day; the 18th. or the 25th. will be his choice.

As soon as I here from him I will let you know and you can arrange accordingly.

Seventeen of the 20 members of the joint committee were present on Wednesday night and all were in favor of having him come without furtner investigation.

Everything O.K. here. Warm weather. Union singing bee at the Second Church tomorrow night. All arangements had been made and the quire had been practicing for it before the request was made for us to participate. Of course the only thing to do was to close up.

Sincerely yours,

Dear Dr Robinson! - Baton Rouge. La. 2/13-1930.

Had a long letter to day from John Burgen. John thinks Frank Thompson is trying to run the candidate committee. As I understood it he was not on the committee at all.

John tells me Frank is planning to have Williams preach for us on the 23d and that he is now getting $3900.

It would seem to me that it might be as well to wait until the annual meeting on the 2nd, and see how much the church was willing to offer, and then we would be in a position to go ahead. As you are to continue until July we need not get in a scrape just yet.

I am enclosing John's letter.

I plan to leave here on the 18th. spend a day in New Orleans. visit the old store make up &c. and sail on the steamship Dixie, Southern Pacific Line for New York reaching there on the 24th at 7 a.m. Go to C. S. Woodruff for a day then

on to Syracuse for conference
on the 26 & 27- Hope to be
at church on the 30th,
Please have the address

My dear Dr. Robinson:

Congratulations upon your selection to the editorship of this publication.

May I trouble you for an acknowledgment of my letter of Jan. 11th., addressed to Dr. Craig, as Editor, and with which I enclosed manuscript on the Ordination of Women in relation to those Overtures.

I explained that I could not resist the urge to express myself in this matter and submitted the paper for review, asking that if it was found worthy of publication, I be so advised. Later I requested that if it was not found serviceable, I desired it returned. My request was that if published it be printed in full. Perhaps it is not useful to you, but it was honestly prepared without any idea of controversy, but as a testimony against a move which in my judgment is altogether useless.

May I have the favor of a reply on this point.

Wishing you abundant success in your new field and the blessing of God upon your labors, I am,

Sincerely yours, Howard E. Oakwood

Dear Dr. Robinson:

I have noticed with a great deal of interest statements in the newspapers that you were going to turn from preacher to editor. Permit me to congratulate you upon the position which has been offered you and which I note you have accepted. You are well deserving of the honor and I know that you will be very successful. You certainly have my best wishes for every success.

I was fearful when I first saw the announcement that you were going to leave Delhi which would have been a source of deep regret to myself and your many other friends. I am glad to note that you intend to continue your residence, and spend a portion of your time, in Delhi.

With warm personal regards, I beg to remain

Sincerely ,

My dear Dr. Robinson,

My husband, Rev. Luther A. Oakes, spoke often and affectionately of you in our very short and very perfect married life. As you know, he died in 1909, while pastor of the First Presby. Church of Bridgeton N. J. Our son, Robert Luther Oakes is now twenty-five years old,

well educated well married a Civil Engineer by profession, so I have devoted my time to other peoples children at the Castle School, Tarrytown N.Y. I know you'd be interested in all this. Today's N.Y. Times brought me a very interesting item about you in regard to the Phila. Presbyterian. I rejoice you have been made Editor and that it is now clear to the Quarrelsome Methodist church that it has been for so long. From my earliest days the Presbyterian has been

in the homes of my family connection on the Eastern Shore of Md. My home in Summer is in Princess Anne, Md. Where "Old Manokin Church, one of the original Wakemie Churches is located. Perhaps you will be motoring that way next Summer and I can have the pleasure of showing you these Old Presby. landmarks. You may have known my brother Class '9, Princeton Univ. (Alfred Pearce Dennis)

I am a graduate of Evelyn College at Princeton - long defunct. It was a great advantage to have lived in Princeton. Evelyn College through my College was found to be a defunct institution. Luther talked so much of his seminary friends - Mrs. Blackburn, Gillespie Robinson, Dr. Dan Jenkins and of course Mr. Beattie Wylie.

Very sincerely Yours,

Ethelinde Dennis Oates.

Dear Dr. Robinson:- Arrived here on Jan. 9- at noon in fine shape and found summer weather. Garden today. The people here call it cold but no frost. Am enjoying myself and am very well. Attended the Pres. Church in the city on the Sabbath and heard a good sermon, Dr. Thomson is the Pastor. Taught a class in the school in the Thomson Three colored children certainly know the Bible and how they do sing.

Go out on a ride almost every day

and am much interested in studying conditions. These people are doing a splendid work here for the destitute colored people. Yesterday I visited a school that has been recently started where 35 children had never been to school. My public school is in their section. The white teachers are all Normal graduates and only one gets over $25, for, Music, the rest of the teachers and girls $20. Anything sent here is well accounted for. Kindest regards to you all. As ever,

Kindly send the enclosed to the Pastor.
